

# Students' Senate (2022-23) Indian Institute of Technology Kanpur

---

## **To consider the Mandate of the PoR Handbook**

*Proposed by: Parliamentarian, Students' Senate*

*Seconded by: Chairperson, Students' Senate*

The Positions of Responsibility Handbook shall represent the various Positions of Responsibilities held by the students at various student and institute level bodies/forums through a **simplified** depiction of the student bodies and including, however not binding, brief work descriptions. The handbook intends to provide the general body, a more comprehensible version of the positions leading to an increased accessibility to, and an increased insight into the Students' Gymkhana and other bodies, in general, hence the detailing shall be confined to minimal. The handbook shall be subordinate to the Constitution and its appendices in all matters of concern. The handbook shall be a dynamic document and shall be updated with any changes in the positions. The document shall be largely exhaustive of the positions. The document doesn't intend to provide an overall hierarchy across various positions across the bodies, however the structure intrinsic to a particular body shall be established and be represented to the best possible extent. The document shall be interpreted by the Parliamentarian, Students' Senate in case of any concerns/clarifications.
